

Let's **talk** Careers

Are you thinking about a career in professional services and wondering if joining a law firm is right for you?

We've got opportunities for you to achieve your career ambitions.
It takes a diverse range of professionals to build an award-winning law firm.

But there is more to us than solicitors, we are also:

Receptionists **HR** Paralegals
Marketing Business Development
IT Secretaries Facilities

There's so much to tell you, scan the QR code for an insight and our latest vacancies:

We're a leading law firm, offering reassurance to a diverse range of businesses, individuals, charities and educational institutions across the UK.

Our team of over 150 colleagues advise on corporate, commercial, real estate, education, employment, environmental & regulatory, debt, litigation, restructuring & insolvency, planning, private wealth and tax law. Some of our sector specialisms include healthcare, charity, retail, energy and renewables.

We are #morethanlaw

We like to give back (and have fun!)

We've abseiled, built a soapbox, hiked, been splashed with colour and rowed our way to raising money for local causes. There's always something happening, and every member of the firm is encouraged to get involved.

A place where you can be yourself

Our core values are empathy, approachability and collaboration. We have a supportive and relaxed culture that helps bring out the best in people.

Your wellbeing matters to us. Diversity, inclusion and equality award winners, our environment is one where everyone is valued and included.

"The culture of the firm sets us apart. Everyone is valued and well looked after."

"It's a great place to work and develop your career."
