

Let's **talk**

Qualifying into Law

Don't come to Schofield Sweeney just to train.

Come here to learn, develop and grow.

Whether you are an apprentice, a paralegal or a trainee, we want you to have the opportunity to go as far as possible.

There's so much to tell you, scan the QR code to discover more:

We're a leading and award-winning law firm, offering reassurance to a diverse range of businesses, individuals, charities and educational institutions across the UK. Our clients include SMEs, PLCs, large multinationals, and many other law practices that value our technical expertise.

Our team of over 150 colleagues advise on corporate, commercial, real estate, education, employment, environmental & regulatory, debt, litigation, restructuring & insolvency, planning, private wealth and tax law. Some of our sector specialisms include healthcare, charity, retail, energy and renewables.

We are #morethanlaw

We like to give back (and have fun!)

We've slept-out, baked, hurtled down a ramp, got muddy, and treasure hunted to raise money for local causes. There's always something happening, and every member of the firm is encouraged to get involved.

A place where you can be yourself

Our core values are empathy, approachability and collaboration. We have a supportive and relaxed culture that helps bring out the best in people.

Your wellbeing matters to us. Diversity, inclusion and equality award winners, our environment is one where everyone is valued and included.

"It's a hands-on training experience, working directly with the client in a range of commercial legal areas."

"As a trainee you are nurtured and given opportunities to develop your own practice and specialisms."
